ENDED.

News from all parts of the country shows that the crisis of the strike has passed, and that business is rapidly resuming progress in its old channels. We agree with the Virginia Chronicle that out of the great evil that has been done it is to be hoped much good will come. If the railroad managers are wise they will in the future endeavor to treat their employees as human beings and not as mere beasts of burden and when retrenchment becomes necessary they will begin at the top of the list—cut down the President's salary first and leave the dollar-a-day men to the last.

STATE NEWS.

There are in Tuscarora district 61 children; of these, 31 are boys and 30 girls.

The next term of the District court of Lyon county will commence Monday, August 6.

Six hundred and fifty four men go up and down the Consolidated Virginia shaft daily.

The last sale of Storey county 10 per cent. bonds is reported to have been made at 99 1/2 and interest.

The Tuscarora Times says the hay crop of Independence valley is lighter than for a few years previous. Where, however, the rains have been irrigated the yield is immense.

There are eight saloons in Tuscarora, one jail and no schoolhouse. The town is, however, quiet and orderly, which speaks well for the quality of the liquor.

The Virginia police Saturday captured three men who have committed depredations to the extent of several thousand dollars on the machinery in one of the Sutor Tunnel shafts.

The first stroke of the Savage pump under the new management, and after the placing of the new V bob at the head of the incline was made last Saturday. It will be run up to twelve strokes a minute. The old management ran it at seven strokes.

A person may form some idea of the necessities which prevail among certain classes in Virginia by watching the children which appear daily at the Consolidated Virginia mine about change of shift time. A dozen of them may be seen running about and anxiously gathering from the miners the remnants of the lunches in their dinner buckets.

Storey county has employed Jones Seely and Lewis & Deal as attorneys to assist the District Attorney in collecting the back taxes due the county from the mining companies; and passed an order that they be allowed twenty per cent. of the amounts collected in full for their service—divided equally between them—ten per cent. to Jones Seely and ten per cent. to Lewis & Deal.

Declines to Act.—The Gold Hill News reports that District Attorney Drake says he will decline to act with the lawyers retained by the County Commissioners to prosecute the bullion tax suits. This is not because he considers the gentlemen incompetent, because their high standing is indisputably established, but because there are a great many attorneys in the State who will undertake the suit for half the percentage voted to Jones Seely and Lewis & Deal. The matter will be brought before the next meeting of the County Commissioners.

It is proposed next year to celebrate, at Penzance or Truro, in Cornwall, the centenary of the death of the Cornish language. According to general belief, the last person who could speak Cornish-British fluently died in 1778. It is recorded that she used the language chiefly for swearing purposes. The celebration will probably take the form of a congress of Celtic scholars, and it is expected that this session will be followed by the publication of a number of Cornish manuscripts.

The Central Pacific Company has appointed Jesse Atwell a special detective to look after the company's interests in the way of police protection at Elko.

A Cuban lady with \$40,000 in money earnings is at the Clifton, N.Y.

MOST IMPORTANT ITEMS IN YESTERDAY'S DISPATCHES.

The Ex-King of Spain Fatally Hurt.
TUNIS, July 29.—Ex-King Amadeus was probably fatally injured by being thrown from his carriage in this city to-day.

Great War in Europe.

LONDON, July 29.—It is said that the Turks lost 8,000 killed and wounded at Karabunna. It is now positively settled that when the Russians reached Adrianople the Sultan and Government will go to Broussa, on the Asiatic side of the Bosphorus. An official report from Osman Pasha says the Russians have occupied Lovat, a body of Turks from Plevna assaulting and recapturing it July 26. The recapture of Blumla was effected after six hours' fighting.

Trying to Make up Her Mind.

VIENNA, July 28.—The Hungarian Premier and Minister of Finance have been summoned to take part in a Cabinet council, at which the question will be considered whether the moment has arrived for Austro-Hungary to depart from the passive attitude she has hitherto observed, by at least partializing her army.

Refracting the Ministry.

LONDON, July 29.—Gladstone's magazine article characterizes the reinforcement of the Mediterranean garrisons as a perfect example of the art of disquieting and annoying one side without conferring the smallest advantage to the other.

The Strike Ended.

PITTSBURG, July 30.—Everything is quiet to-day, and the strike among the railroad employees is, to all appearances, ended. On the Pittsburg division of the Baltimore and Ohio road freight trains are now arriving and departing on time. The Pennsylvania road stock trains are being moved as rapidly as they can be gotten in readiness, and trains which have been delayed along the line are arriving. The first three trains sent out on this road were under guard, but no trouble being found trains are now running without guards. The company are not receiving freight for shipment, but this is owing to the fact that the tracks over the burnt district are not yet completed, and will thus delay local freights a day or two. On the Pittsburg, Fort Wayne and Chicago road efforts are mainly directed toward clearing the tracks of rolling stock, which is strung along the road fifteen miles below the city, and having city freights delivered. All workmen in the shops on this road resumed work this morning. The Pittsburg, Cincinnati and St. Louis Pan Handle are running trains as usual. The home military is still under arms, and the forces under Governor Hartman maintain their position at Twenty-eighth street. The United States troops are encamped on the arsenal grounds. Arrests of parties charged with being engaged in the riot last week are constantly being made by the police.

Chicago's Troubles Over.

CHICAGO, July 30.—But little trouble was experienced this morning in resuming the order of things prevailing before the labor troubles. All roads except the Lake Shore and the Chicago, Burlington and Quincy have resumed both freight and passenger traffic. The latter has been annoyed by the recalcitrants at Burlington, who refuse to allow business to go on. A considerable number of lumber shovers struck this morning but have made no demonstration. The First regiment returned from Braidwood this morning and will go to Galesburg to-day to insure safety to the Chicago, Burlington and Quincy trains at that point.

Slight Error in a Large Account.

WASHINGTON, July 30.—The committee which has been examining into the affairs of the office of the United States Treasurer, upon the transfer of the office from Wyman to Giffith, have completed their investigation. During Wyman's term there was received into the Treasury and paid out over \$740,000,000 without error, excepting one of less than \$5.

The Strike Ended at Buffalo.

BUFFALO, N. Y., July 30.—At a meeting of the employees of the Buffalo division of the Lake Shore and Michigan Southern railroad yesterday, it was resolved that all engineers, firemen and brakemen should return to work to-day. The company announce that they will at once resume freight trains.

The Indian War.

MINNAPOLIS, Mon., July 29.—The Indians have thrown a force below Brown's position on the Lake train.

and a Deer Lodge company has gone to open communication with Bawn. The Philpott company of sixteen arrived at Lolo to-day. There is no information from Gov. Gibbon. The Indians seem determined to force a passage to the buffalo country. A proclamation by the Governor was issued on the 26th, calling out all organized companies in Deer Lodge and Missoula counties. Flatheads are cooperating with Bawn, and have already sent a number of warriors to his camp.

DEER LODGE, July 29.—A company from Butte with 69 men is just leaving for the front. Another company of the same number is expected to-day. The Deer Lodge reserves, numbering 25, left last evening.

A letter from Gov. Potts says Joseph's band passed Captain Bawn's intrenchments yesterday, late in the afternoon, within gunshot. Not a gun was fired. The Indians going out by the head of Butter Root and Big Hole are about 400 strong and well-armed. The companies from Butte were ordered back to Deer Lodge. Secretary Mills says he will have 300 men in Big Hole valley by noon to-morrow. Volunteers are leaving town by all kinds of conveyances for Big Hole basin.

The Miners' Strike.

WILKESBARR, Pa., July 30.—Twenty five hundred miners have just resolved to continue the strike and stop the pumps until the twenty-five per cent. advance is conceded.

San Francisco Matters.

SAN FRANCISCO, July 30.—Everything was very quiet yesterday, and last night the force of safety men was considerably reduced from that previously on duty. Only one or two slight disturbances occurred during the evening, which at any other time would scarcely attract notice.

A small band of hoodlums hurriedly smashed a China wash house on Fifth street and decamped before any guards could reach the locality.

A safety man, while alone on Fourth street near Folsom, was attacked by hoodlums and slightly injured before he extricated himself.

An attempt was made to burn the residence of A. C. Quimble, foreman of Hook and Ladder No. 1, but was frustrated by the prompt discovery of the fire by the neighbors.

A Chinese house on Moss street, near Bryant was raided in the absence of the patrol.

The funeral of the late A. H. Gude-will, killed on Wednesday night while acting with the Committee of Safety in protecting the Pacific Mail wharf from the attacks of the mob, took place yesterday under the auspices of the San Francisco Verein, a prominent German Club of this city, of which the deceased was a member, from their rooms 219 Sutter street. A large number of police and safety men were present as an escort. The remains were deposited in the vault of Milton S. Latham, at Lone Mountain.

Dam Broken.

SWATHMORE, Pa., July 30.—The Strathaven dam gave way this morning, washing away farm-houses, crops, bridges, and everything in its course. Several people were rescued from houses sweeping down the stream.

The New Four-Per-Cents.

WASHINGTON, July 30.—The Secretary of the Treasury says that the new four-per cents having been issued in exchange for gold coin, they could not be redeemed by anything but gold coin or its full equivalent.

A Bird's Intelligence.

A letter from Camden, Arkansas, to the Chicago Inter-Ocean gives a very pretty story about the capacity of a mockingbird which had built its nest in the shrubbery of a gentleman's garden in that place, and hatched out five little ones. A snake one evening made an attack upon the little home, and the cries of the bird brought the lady of the house to the spot, the result being that a servant was called and dispatched the reptile. In the meantime the mother bird had disappeared. Soon after the snake had been killed she returned with five other birds, a wary banding from all the little throats. A reconnaissance in force was made, and the enemy having disappeared from the vicinity of the nest the search was continued until his remains were found, when the assembled forces set up what seemed like a song of triumph and then separated.

The Great Council of the Improved Order of Red Men for the State of Nevada.

The State of Nevada will meet in the hall of Apache Tribe No. 6, Gold Hill, at 12 o'clock next Thursday. T. H. Alchorn, Great Sachem, will preside, and will be assisted by T. Demars, Great Senior Sagamore for the State of Nevada. Dignitaries of the Order from other portions of the State are expected.

A HAPPY PEOPLE.

The Lyon county Times very pointedly remarks:
The people of Nevada may well congratulate themselves on their undisturbed and comparatively happy condition. Nowhere in the State are there any labor troubles of any kind whatever, and especially is this true in a marked degree on the Comstock. All the mines now in operation pay the same wages as during the flush days of former years, and this is the case we believe in every branch of business. It is true that hard times have closed many of the prospecting mines and many men have been thrown out of employment, but most of these departed for other points in search of adventure or labor and there is not at this time a very large surplus of laborers. During the last six months there have been efforts on the part of a few unprincipled persons to establish a kind of brokerage between employer and employee, but we have no evidence that mine managers have been implicated in this dirty work, and do not believe they have. Happy Nevada, thrice happy Nevada!

ELKO COUNTY CROPS.

Of the condition of the crops in Elko county the Independent informs us as follows:
Through inquiry of citizens from all the agricultural portions of the county, we find that crops generally are looking very well, and the prospects for an average yield are good. On South Fork and other localities south of the railroad, much less barley than usual has been sown; the ranchers giving a portion of their attention to the culture of wheat. This we conceive to be a very wise course, for since the establishment here of a flouring mill, the farmers can not only supply their own bread stuff, thus obviating the necessity of paying coin to California, Utah and the railroad for this indispensable commodity, but also overcome the difficulty arising from an overstock of the former cereal. The agriculturists of this section appear to have realized the fact that the market for barley has, from causes palpably apparent, been greatly reduced, while that for wheat is constantly on the increase, and are acting accordingly.

BRUMMER'S INSECT POISON
STILL AHEAD!
READ THE FOLLOWING TESTI-
MONIALS:

SACRAMENTO, Cal., June 28, 1877.
Mr. A. H. Barnes—Dear Sir:—Having tried all kinds of powders, etc., that I could hear of, to rid my house of small ants, and they having all failed to do the work, I at last purchased a box of Brummer's Powder, and I will say that according to my belief it is the best in existence, as it has proved itself so to my entire satisfaction.

CHAS. H. DUNN.
Of the firm of Gilman Bros. & Co.

DARTON, July 30, 1877.
Mr. A. H. Barnes—Sir:—I received and tried your insect powder to my entire satisfaction, and heartily endorse it in preference to anything I have ever used, and can truthfully recommend it to the public as being a "dead shot" to bugs.

Respectfully yours,
P. BARNES.

In connection with the above I wish to say to my friends and the public that I have now (it is the furniture of the room and walls of the building, as directed, and my word for it, it will clear out the bugs. If it does not, call and get more powder FREE, or your money back. That it will clear them out I have ample proof.
